

# RML inc. Premier **POWDER** Coating

## Quality Policy:

Rev. B

10/22/2008

“With RML Inc.’s continually improving quality system and trained work force, we will deliver a quality product that meets or exceeds our customer’s requirements”

## Objectives:

- Maintain a trained work force by continually improving communications between shop personnel and management.
- Continually improve our quality control system to assure a quality coating job by the use of preventive and corrective actions of non-conformances
- Satisfy the customer by meeting or exceeding their quality requirements
